Institutional Private Care

Our services can be provided in an acute care hospital, long term care facility or in the home environment.

Depending on your needs we can offer the following client care:

- Clients with specialized needs that include but not limited to Alzheimer's , Parkinson's, Muscular Dystrophy, Stroke, Cognitive Impairment, Acquired Brain Injury, HIV/AIDS, Geriatric Care and Mental Health Care
- Companions/Sitters/Constant Care Observers
- Emergency Care
- Homemaking that include light housekeeping, meal preparation and errands
- Infant and Child Care
- Maternal Care (new mothers)
- Rehabilitation
- Respite Care
- Specialized Intensive Care

We provide private duty Registered Nurses, Registered Practical Nurses or Personal Support Worker, for those moments when your loved one is hospitalized and needs additional nursing care.

Our private care provider will care for your loved one, working alongside the health care facility staff in making your loved one comfortable.

"We are there when you need us most"
